### C SERIES PRINTERS

C Series printers provide the performance of mid-range printers at a fraction of the price and footprint. C Series printers are packed with features you will not find in other thermal printers.

- > Up to 8 ips Print Speed (Ci at 6 ips)
- > Easy to Use LCD Menu Makes Printing Easy (Cxi)
- > Realtime Clock & Audible Indicator Standard
- > 300 dpi thermal printhead available
- > Serial/Parallel, USB-B, USB-A Host port & Internal Ethernet Standard
- > PCL laser printer emulation available for pharmacy applications

**DLXi PRINTERS**

CognitiveTPG is carrying on this tradition of its rugged Blaster and Advantage LX thermal label printers with the introduction of its latest desktop thermal label printer, the DLXi. The DLXi combines legendary reliability with the latest communication interfaces and performance. The DLXi is designed to operate in challenging environments while providing a seamless migration to the latest technology and performance.

- > Same legendary reliability metal frame construction
- > USB (device) and USB-A (host) ports standard on every model
- > Ships standard with CPL and popular language emulations (EcPL & ZcPL)
- > 5 ips print speed
- > All common interfaces (4 inch model) on one unit for maximum flexibility
- > Upgraded AdvantageDLX with NEW standard industry interfaces
