

ZEBRA

Running a
small business
is hard work.
Now there's
a tool to make
it easier.

It takes more than a smartphone to run your store.

- You need instant answers to customer questions.
- You need to find a specific item — fast.
- You need to know what to order right now to prevent out of stocks.
- And you need to keep the items your customers want on your shelves — not in the backroom.

Now, there's a tool that does it all – the TC20.

The TC20 is loaded with features to help you do business better, smarter and faster:

- A real barcode scanner that delivers real time savings.
- A walkie-talkie to reach whoever you need to get the job done.
- A unique PowerPack for constant battery power.
- Accessories that make it easier than ever to tackle tasks.
- Affordable service to keep your TC20 up, running and in your hands.

....And much more.

THE TC20. THE SMALL BUSINESS TOOL DONE RIGHT.

The TC20 Mobile Computer

THE RIGHT LOOKS.

THE RIGHT BUSINESS FEATURES.

THE RIGHT PRICE.

Only from Zebra — the leader in business mobility, bringing 45 years of innovation and the power of big business technology to your small business.

For more information, please visit www.zebra.com/tc20

What can you do with the TC20?

Save time, save money, increase sales and boost profitability.

Built for work

Go ahead — drop it, get it wet, use it outdoors in the freezing cold or blazing heat.

See it all

See all the information you need on the large-but-still-pocketable 4.3 inch display.

Scan it all

A real barcode scanner provides instant point-and-shoot camera-style capture of any barcode, electronic or printed — in any condition.

Document it all

Turn anything into a document with the 8 MP autofocus camera — a photo of a damaged item, a driver's license and more.

All day power always

Running on empty? Just snap on a PowerPack.

Free walkie-talkie calls

You get two devices in one — a mobile computer and a walkie talkie — right out of the box.*

The service you need at a price you can afford

Our optional Zebra OneCare™ SV service gives you the right level of protection for two years — all for the fraction of the cost of a single uncovered repair.

Easiest charging ever

The ultra-versatile cradle lets you charge it your way: the PowerPack and the TC20 individually — or the TC20 with attached accessories.

Start using barcode data today

Use barcode data right now to instantly boost productivity and service — no need to program or change the apps you are using today.

No learning curve

Get smartphone simplicity for real business features. Three buttons take you right to your most used features and apps. You can see the screen inside and outdoors. And more.

Accessorize

Our accessories help you work better and smarter — from a trigger handle that makes taking inventory a breeze to charging solutions to a snap-on/snap-off sled that adds RFID when and where you need it.

The best of Android

Android Nougat delivers cool features that make doing business easier — split the screen to run two apps side by side**, flip between two apps at the press of a button and more. (**Applications must support split screen.)

Superfast wireless

Wi-Fi 802.11ac and Bluetooth 4.2 + only-from-Zebra wireless technology advancements = the fast connections that won't slow you down.

* Walkie-talkie/push-to-talk (PTT) service works with all Zebra compatible mobile computers.
